

NORDIC PANORAMA DESIGN

LED wall lamp, model **SUNSET** from ODSIF. Wishing to create the outdoor atmosphere indoor, ODSIF has developed this LED theme lamp for wall mounting. Choose between 12 light themes to create the atmosphere you wish. If you wish a fresh forrest-like atmosphere with blue sky and a green forrest, choose the theme **FORREST**, or sunrise light, choose **SUNRISE** with light yellow and rose nuances. For evening cosiness you might want to obtain a sunset atmosphere indoor – choose **SUNSET** (see picture). Of course, you can turn on reading light, if you need bright light for reading or working. LED wall lamps for the mood you're in.

ENERGY-FRIENDLY LED

The LED wall lamp has 12 built-in light themes to choose from, among others reading light, cosy light, cinema light for watching television as well as other themes in soft toned nuances. The wall lamp is also available with warm-white LEDs only. Furthermore, it is energy-friendly and there is no need for changing bulbs - the LEDs have a long lifespan (approx. 50.000 hours). Power consumption: 8W. Luminous intensity up to 485 lm.

BEAUTIFUL REFELCTION ON E.G. LIGHT BRICK WALL

Produced from aluminium with white rear plates. The white rear plate is 30 x 30 cm. The shades are available in different colours. The wall lamps can be combined with one master lamp controlling up top 14 slave lamps.

WALL SWITCH AND/OR SMARTPHONE

The lamp can be operated from wall switch or by means of the buttons on the lamp itself. If you are riding the SmartPhone wave, it is also possible to operate the lamps via the SmartPhone.

Recommended retail price: From EURO 329.- for a master lamp. Slave lamp from EURO 197.-.

Model with warm-white LEDs only: EURO 99.-
