Privacy Policy

This Privacy Policy explains our practices regarding the collection, usage and disclosure of information that we receive from our users through our Odsif smartbox functionalities as made available by our product along with its implementations.

Please take a moment to familiarize yourself with our privacy practices and contact us if you have any questions.

Information we collect from you

Personal information is data that can be used to identify or contact a single person.

This app is used to control blinds from Odsif Smartbox via Google Assistant and Google Home. A prerequisite for controlling your devices is that your email ID is stored together with the devices you control with Odsif Smartbox. This is personal information that is stored in the app. We do not collect any other personal information about our users except the actions on the devices asked by them and status of devices.

There is though certain amount of information that is collected by the platform and integrations our app uses. This includes:

- Query (Natural language text to be processed)
- sessionID- a unique anonymous string of characters identifying the session and is connected to the email account.
- Server logs over actions done. These are deleted after 30 days.

How we use the information

We only store textual information of device status and actions performed on these. This is used in order to control and set status of these devices by the user. Odsif does not use this information in any way except for error identification when errors occur and it is necessary to use this information to solve these.

What information do we share?

We do not share the data with anyone.

Protection of Personal Information

ODSIF takes the security of your personal information very seriously. All your personal information is protected during transit using encryption such as Transport Layer Security (TLS). When your personal data is stored by Odsif in Google cloud. For more information on security of Google cloud system see:
https://www.google.com/about/datacenters/data-security/

Privacy Questions

If you have any questions or concerns about our Privacy Policy or data processing, or if you would like to reach out to us to report a possible breach of local privacy laws, please contact us at info@odsif.dk.

Revisions to this Privacy Policy

Any information that is collected via our services is covered by our Privacy Policy in effect at the time such information is collected. We may revise this Privacy Policy from time to time. If any change is brought to this Privacy Policy, we will provide a proper notice of those changes on our service and also update the "Last Updated on" field above to indicate when those changes become effective.
